TRAVELS TO OREGON 7 DAYS

JULY 27TH TO AUGUST 2ND 2020

CASCADES, COAST & CRATER LAKE

Columbia River Gorge, Multnomah Falls, Mt Hood, Crater Lake And Ride a Dune Buggy

Plan to join Joyce and friends on a motorcoach tour to Oregon. We begin our tour with a driver to experience the beauty of the Columbia River Gorge as we travel to Crown Point State Park and visit the Vista House on top of the cliff with magnificent views. Later we will board the Columbia Gorge Sternwheeler for a different view of the Gorge and Hood River. We will visit Multnomah Falls, a 611-foot-tall roaring, awe-inspiring cascade of icy water, lets you experience the power and beauty of nature up close and with ease. Overnight in Hood River

Our tour includes a Visit to the Bonneville Lock and Dam built and operated by the U.S. Army Corps of Engineers, it was the first federal lock and dam on the Columbia and Snake rivers. Today, the project is a critical part of the water resource management system that provides flood risk management, power generation, water quality improvement, irrigation, fish and wildlife habitat and recreation along the Columbia River. The Lock and Dam were a Public Works Administration project of President Franklin D. Roosevelt's New Deal, and the site was declared a National Historic Landmark in 1987. We even make a stop at the Mom and Pop shops on the Oregon Fruit Loop Tour (Between apple and pear orchards, small roadside stands that sell a variety of fruits, vegetables, jams, syrups, even wine tasting).

As we leave the Columbia Gorge area, we will continue to Mt. Hood, the highest point in Oregon. Lunch today will be at the Timberline Lodge. This [National Historic Landmark](#) sits at an elevation of 5,960 feet (1,817 m), within the [Mount Hood National Forest](#) and is accessible through the [Mount Hood Scenic Byway](#).^[3] It is notable in film for serving as the exterior of the Overlook Hotel in [The Shining](#).

We've also included a stop at Crater Lake National Park. Native Americans witnessed its formation 7,700 years ago, when a violent eruption triggered the collapse of a tall peak. Scientists marvel at its purity: fed by rain and snow, it's the deepest lake in the USA and one of the most pristine on earth. Artists, photographers, and sightseers gaze in wonder at its blue water and stunning setting atop the Cascade Mountain Range.

We will travel along the Oredon coastline with a step on guide. You are sure to love the stop for a dune buggy ride followed by a Discovery Cruise and lunch at World Famous Mo's Seafood and Chowder Restaurant.
